## Preface

Gokigenjyou.

This is Katsuki Chieri from Usagi Koya (The Rabbit Hutch).

...This is how a greeting begins, I guess. <grin>

So this is a Marimite book.

The one that came out at Winter Comiket was a trial so this one has been revised and corrected.

I'm apologize to those that read the previous work, but thank you.

There's been some small, fine-grained changes to some places and lines so it might be interesting to compare the two? (or not...)

So in essence, this is the first Marimite volume-- I'm happy that I'm finally able to release one about the White Rose family.

I really like Shimako and Sei!

I also like Noriko but that would mean that Sei already graduated...

For me, I like the era where \*Rosa Gigantea = Sei-sama\* the best so more than a book about the White Rose Family is it more a book about Sei-sama and Shimako?

Though in my mind, it's good for the White Rose sisters to be Sei & Shimako.

But! Liking something and drawing it are two different things.

Personally, my thinking and actions are closest to Noriko ^^;

Though that's what my partner told me <grin>

So that's why it's been hard to grasp how Sei-sama and Shimako think and it's also been hard to grasp their personalities--

As usual, I've rambled on <sigh>

Now, please look at the main text~

## Postscript

Thank you for reading~

How was it?

Apologies to those that thought "This is not how I  
imagine the White Rose Family!"

But for me, this is how I imagine them.  
Loving each other in a secretive way...Moe.

And this time's work was long~!

It took 3 times as much time as normal~

...so it was late...

It took longer than I expected to flesh out the  
drawings and then I thought  
it'd be over after I edited, but it cost quite a bit of  
time...

This is the first time I'm using Powertone and  
because of that it caused  
the worker at the print shop quite a bit of  
trouble.

Sorry about that.

Thank you very much to Momoi Ryouta and  
Tanigami Mayu-chan who gave  
wonderful contributions!

I'm really grateful.

Thank you also to Momoi for gathering data~!

Gokigenyou.
